INTRODUCTION

In response to a resolution of the Joint Legislative Audit Committee and in compliance with federal Department of the Interior regulations, we have conducted an audit of the State of California's Statement of Federal Land Payments. This audit was conducted under the authority vested in the Auditor General by Sections 10527 and 10528 of the Government Code.

To comply with Public Law 94-565 as amended (31 United States Code Sections 1601 through 1607), the Governor or his delegate must submit to the Secretary of the Interior a statement of amounts received by the State and transferred to each unit of local government within the State under certain revenue sharing laws. The Statement of Federal Land Payments reports this required information; it is used by the Department of the Interior to compute annual payments to units of local government in which certain federally owned lands are located.

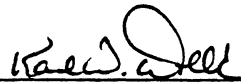

During the period from October 1, 1979 through September 30, 1980, the State of California received \$68.5 million under these revenue sharing laws; \$25.4 million was transferred to qualified units of local government. Of the remaining \$43.1 million, \$27.6 million was transferred to school districts or county school service funds, and \$15.5 million was retained by the State. State statutes contain provisions for apportioning and disbursing these monies; the state controller administers these provisions.

AUDITOR'S OPINION

We have examined the State of California's Statement of Federal Land Payments covering the period from October 1, 1979 through September 30, 1980. Our examination was made in accordance with (1) the standards for audit of governmental organizations, programs, activities, and functions issued by the Comptroller General of the United States, as they apply to financial and compliance examinations; and (2) the Audit Guide for Bureau of Land Management Payments in Lieu of Taxes Program prepared by the Office of the Inspector General, U.S. Department of the Interior. Accordingly, our examination included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The statement was prepared on the basis of cash disbursements made by the State of California and received by qualified local governmental subdivisions of the State during the period mentioned in the preceding paragraph under 31 United States Code 1601 et seq. This basis of reporting federal land payments is prescribed by U.S. Department of the Interior Rules and Regulations (42 Federal Register 1881.0-5), and is in accordance with the provisions of the October 16, 1978 Comptroller General of the United States Decision (B-167553). As such, the statement is not intended to be presented in conformity with generally accepted accounting principles but is intended solely for filing with governmental agencies.

In our opinion, the statement presents fairly the payments made by the State of California and received by qualified local governmental subdivisions under 31 United States Code 1601 et seq., in accordance with the regulatory requirements on the basis of accounting described in the preceding paragraph, which basis has been applied in a manner consistent with that of the preceding year.
