

Joint Legislative Audit Committee Office of the Auditor General

FINANCIAL AUDIT REPORT CALIFORNIA HORSE RACING BOARD YEAR ENDED JUNE 30, 1978

The regulations of the Federal Office of governments Revenue Sharing require receiving revenue sharing funds to have audits of their financial statements not less than once every three years. audit assists in fulfilling the audit requirements necessary continue to. California's eligibility for revenue sharing funds.

Our examination was made in accordance with generally accepted auditing standards and included studying and evaluating the system of internal control. This study evaluation disclosed conditions which believe to we weaknesses and were considered determining the nature, timing, and extent of our audit tests. Presentation of these conditions, however, does not modify our opinion on the financial statements.

INTRODUCTION

In response to a resolution of the Joint Legislative Audit Committee and in compliance with federal Office of Revenue Sharing regulations, we have conducted a financial audit of the California Horse Racing Board. This audit was conducted under the authority vested in the Auditor General by Section 10527 of the Government Code.

These are the California Horse Racing Board's objectives:

- Protect the betting public
 - License racing associations
 - Sanction every person who participates in any phase of horse racing
 - Designate racing days and charity days
 - Act as a quasi-judicial body in matters pertaining to horse racing meets
 - Enforce laws, rules and regulations pertaining to horse racing in California
 - Promote the horse racing and raising industries.

The Fair and Exposition Fund supports the programs of the California Horse Racing Board.*

^{*} A separate report on the Fair and Exposition Fund is being issued.

The board's major sources of revenue are derived from parimutuel license fees, breakage, unclaimed tickets and occupational license fees. All revenues, except for those supporting the California Standardbred Sires Stakes Program, are deposited with the State Treasurer to support other General Fund programs.

AUDITOR'S OPINION

To the Joint Legislative Audit Committee of the California Legislature:

We have examined the combined balance sheet of the California Horse Racing Board as of June 30, 1978 and the related statements of revenues, expenditures and changes in fund balance for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the California Horse Racing Board at June 30, 1978 and the results of operations and changes in fund balance and operating clearing for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The column amounts on the accompanying financial statements captioned "Total - Memorandum Only" for June 30, 1978, are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

The column amounts on the accompanying balance sheet and statements of revenues, expenditures and changes in operating clearing and fund balance for the year ended June 30, 1977, which are presented for comparative purposes only, were not audited by us and accordingly we do not express an opinion on them.

Wesley E/Voss

Assistant Auditor General

CALIFORNIA HORSE RACING BOARD NOTES TO FINANCIAL STATEMENTS JUNE 30, 1978

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The preceding financial statements reflect the financial position and results of operations and changes in fund balance and operating clearing of the California Horse Racing Board. The accounts are maintained in the General Fund and in the Special Deposit Fund.

The accounting policies of the California Horse Racing Board conform to generally accepted accounting principles.

General Fund

The California Horse Racing Board accounts for only its portion of the State's General Fund. The State Controller maintains central accounts for the General Fund and publishes annual consolidated General Fund statements.

Included in the board's portion of the General Fund is a special account for the California Standardbred Sires Stakes Program. This program established by Chapter 1148, Statutes of 1976, is funded by a percentage of the breakage from harness racing parimutuel pools. The purpose of this program is to encourage agriculture and horse breeding in California. For the fiscal year ended June 30, 1978, this program realized a total of \$245,221; \$118,503 of this amount was distributed for purses and awards.

Income:

Throughout the fiscal year, income is accounted on a cash basis. At June 30, all earned but uncollected revenues are accrued.

Expenditures:

Generally, expenditures are recorded during the year at the time claims for payment are filed with the State Controller. At June 30, all valid expenditure commitments are accrued.

Liabilities

Retirement Plan: Regular employees are members of the Public Employees' Retirement System (PERS) which is a defined benefit, contributory retirement plan. The amount the board and employees contribute to PERS is actuarially determined under

a program in which contributions plus retirement system earnings provide the necessary funds to pay retirement costs as accrued.

<u>Vacation and Sick Leave</u>: The board does not record the costs of vacation and sick leave at the time these benefits are accumulated. However, at the time of usage, the expenditurespersonal services account is charged.

Special Deposit Fund

The board accounts for deposits paid by track operators to secure payment of license fees and deposits for stallion awards and stewards' compensation in the Special Deposit Fund. The State Controller maintains separate fund accounts for each agency and publishes consolidated Special Deposit Fund statements.

General Fixed Assets

Purchases of equipment are recorded as expenditures in the year of acquisition. Equipment with a useful life of two years or more, generally valued at \$150 or over, is recorded at original cost or, if not available, at fair market value.

2. ACCOUNTS PAYABLE

Accounts payable include all unpaid liabilities for goods or services received as of June 30. Accordingly, they also include liabilities for which disbursement requests were submitted to the State Controller by June 30, but which had not been paid as of that date.

3. DESIGNATED FOR TRACK OPERATORS' DEPOSITS

Each application for a license to conduct a horse racing meeting requires a deposit in the amount of \$10,000 to secure the payment of the license fee. When the horse racing meeting ends and the license fee is paid, the deposit is returned to the licensee.

4. DESIGNATED FOR STALLION AWARDS

Any association conducting a thoroughbred racing meeting at which the parimutuel handle exceeds a specified amount must deposit a percentage of such amount in a separate account with a depository approved by the board. Stallion awards are then distributed on a pro rata basis to the owners of qualified thoroughbred stallions.

5. DESIGNATED FOR STEWARDS' COMPENSATION

Chapter 1080, Statutes of 1977 provided an assessment from each racing association for an amount equal to the pay and fringe benefits to be paid to the stewards assigned by the board to the race meet.

6. OPERATING CLEARING

The account balance at June 30 represents a clearing account between the California Horse Racing Board and the State Controller.

SUPPLEMENTAL INFORMATION

As an integral part of our examination, we reviewed the board's accounting procedures and related system of internal accounting control to the extent we considered necessary to properly form an opinion concerning the fairness with which the board's financial statements present financial position and results of operations in accordance with generally accepted accounting principles consistently applied.

The foregoing financial statements contain certain adjusting entries which were necessary in order to achieve compliance with generally accepted accounting principles. The board fully concurs with the adjusting entries.
